

End plugs

Simple end plugs for temporary sealing of micro ducts.

For use on ducts from 4mm up to 20mm.

Providing optimal protection against ingress of water and sand.

Features

- Dirt and splash water tight
- Tapered to fit a variety of duct diameters
- Compressible for better sealing of both smooth and ribbed inner wall of the duct

Specifications

- Material EPDM or silicone rubber
- Temperature range -20°C up to + 60°C
- Excellent Chemical and Hydrocarbon Resistance
