

# Cabinet base sealant - Black Hdi

The Filoform Cabinet Base Sealant is designed for use in LV distribution cabinets, public lighting cabinets, cabinets for traffic control, and outdoor transformer station installations.

The casting resin prevents ingress of pests and weed growth or the penetration of the roots of plants. In addition, a solid floor improves the climate within the stations. This ensures less chance of interference and extends the life of the components.

Highways & TFL approved

PATENTED

## Features

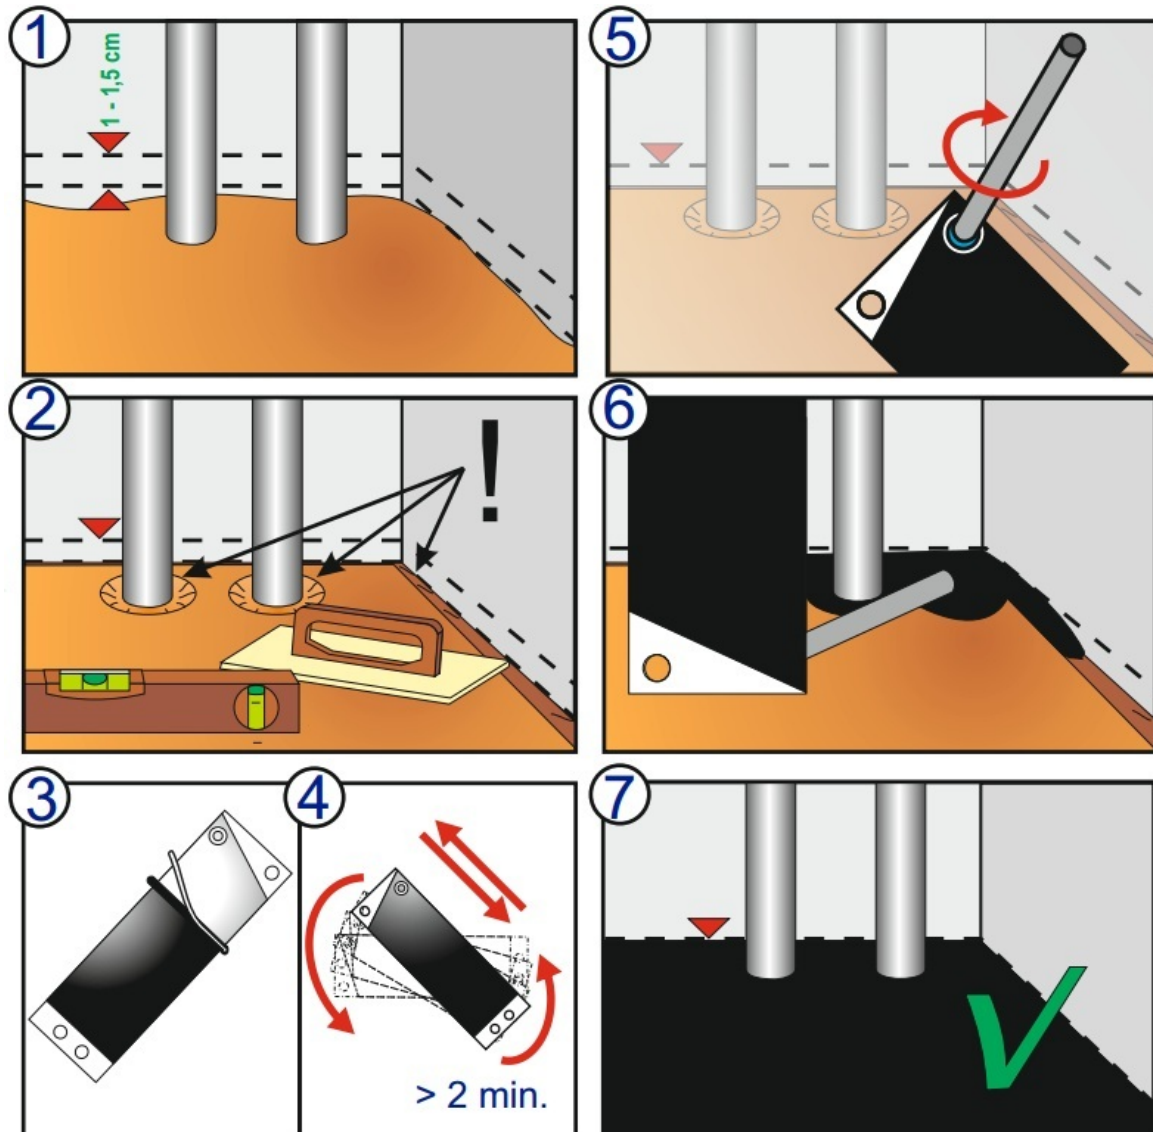

- Packaged in set with 2 x 2.5 L.
- Resin contains no MDI.
- Prevents ingress of moisture, pests and the intrusion of weeds, roots and plants.
- Improves the climate inside the street cabinets and transformer stations.
- Decrease of the sensitivity to interference of the equipment.
- Extension of the life of the components.
- Quick and easy to apply.
- Good flow properties.
- Self levelling characteristics.
- Good adhesion.
- Smooth and non-tacky surface.
- Easy to remove for local input of additional cables and pipes; afterwards easy to finish

## Specifications

Properties	Unit	Value
Potlife (process time) 5°C	minutes	90
Potlife (process time) 23°C	minutes	75
Potlife (process time) 35°C	minutes	60
Viscosity (mixture) 25°C	Pa.s	1
Gel-time	minutes	120
Density	g / cm <sup>3</sup>	1.3
Hardness	Shore D	18
Water absorption (30d/23°C)	%	< 1.0
Weight loss 28d/120°C	%	0.8
