

Finishing Sponge

Filoform's finishing sponge once activated with water will not stick, drag or adhere to the MD+ mastic (FiloSeal+). This enables a professional finish to your installation

Specifications

Ingredient	C.A.S No.	% by Weight
Water	7732-18-5	40 - 70
Sponge	Mixture	40 - 70
Benzyle-C12-18 – Alkyldimethyl Ammonium chlorides	68391-01-05	0 - 0.5
Benzyle-C12-18 – Alkyldimethyl Ammonium chlorides	68424-85-1	0 - 0.5
