

FttH entry 90°

Entry cover with a 40mm 90° bend radius to allow safe and secure bending of micro ducts / cables and blowing of the fibre after installation. It can be used with micro duct / cable sizes up to 8mm and includes space to accommodate a gas block connector.

The kit includes 25 entry covers and a cartridge Filoform MD+ sealant. Fastening materials are not included.

Features

- Micro duct / cable sizes up to 12mm.
- Suitable for retro fitting.
- Screw mounted or optionally invisible mounted with the use of Filoform fixing anchor.
- Screw and plug are not included.
- Break out cover to accommodate a 16mm protective pipe in the cover.
- Flame retardant
- Suitable for indoor and outdoor use
- UV- and weatherability.
- Also available in kits together with MD1-FttH duct seal (80219.3 / 80219.6 / 80217.2).
